

All About Energy

October 3, 2019

Calgary Central Library

with the support of the University of Calgary iLab

Explore Canada's Energy Future

10 a.m. – 7:30 p.m.
Shaikh Family
Welcome Gallery

Large touch screens showcasing data visualizations. Test out the University of Calgary iLab's innovative data clipping tool. Discover Canada's diverse energy mix and pipeline systems and get a glimpse at what the future of energy will look like in 2040.

Welcome to the Angels' Den

12:15 p.m. – 2:30 p.m.
Patricia A. Whelan
Performance Hall

Calgary grade nine students will pitch ideas on energy entrepreneurship, clean technology, sustainable projects, and more to a panel of expert Angels, vying to become Canada's next successful startup.

Think TED Talks, only faster

6 p.m. – 7:30 p.m.
Patricia A. Whelan
Performance Hall

Local energy and data visualization experts will share stories in a lightning round of rapid presentations. The wide variety of thought-provoking topics will include: solar energy potential in Canada, the importance of art in visual data, technological innovation in the energy industry, and more.
